

California Motorcyclist Anti-Profiling Coalition

Fellow Motorcyclist:

This letter has been sent to you by the **California Motorcyclist Anti-Profiling Coalition: Steering Committee.**

We are a group of Motorcyclist Rights Organizations (MRO), Confederation Of Clubs (COC), Independents, and others that have banded together and have been working with the Motorcycle Profiling Project <http://www.motorcycleprofilingproject.com> on a motorcyclist anti-profiling bill since 2016. We are now putting together a “Call-To-Action” (CTA) process and email list for individuals who wish to be notified when to contact their local legislator to take a specific action.

If you wish to engage in this important process, click on this link antiprofilingbill@abate.org and provide your email address. Additional information such as your name and zip code, used to determine your local legislative district would be helpful, but not required. Our goal is to maintain your privacy. Additionally, please help us get the word out by forwarding these emails to individuals on your email list that might be willing to take action as well. Please do NOT “reply” to this email, we need all your information, questions, or comments sent to antiprofilingbill@abate.org so that we can process your email in a timely manner.

The California Motorcyclist Anti-Profiling Coalition consists of many motorcycle related groups including but not limited to COC, MRO, BRO, AMA, and ABATE. Although the email address that you are sending your information to is on an ABATE group, your information will remain private and will only be used for the purpose of this anti-profiling bill. We have chosen to use an ABATE group because ABATE is already set up with Google Groups and is offering us usage of their IT resources free of charge.

Also, if you want to get involved more than just contacting your representatives when asked by us to do so, please contact us and we will let you know other ways you can help.

Thank you,

California Motorcyclist Anti-Profiling Coalition
